a. Transfer Station updates – nothing to report.

Public Comment

(Public Comment is a time when town residents can bring matters before the Board. Comments should be short and to the point. Speakers are allotted up to two minutes each to make their comment. Except in unusual circumstances, any matter presented under "Public Comment" will not be debated or acted upon by the Board at the time it is presented.

All remarks and dialogue in public meetings must be respectful and courteous, free of rude, personal or slanderous remarks. Inappropriate language and/or shouting will not be tolerated. Furthermore, no person may offer comment without permission of the Chair, and all persons shall, at the request of the Chair, be silent. No person shall disrupt the proceedings of a meeting.)

A comment was made to request more of a police presence at the Covered Bridge area to better control speed. The question of whether a speed bump could be utilized came up. The State would have to make a decision on the use of a speed bump since that is a State road. Barb to follow up with the State.

A request was made for better signage for any bridge closures, to be placed closer to Carter Notch Road or Black Mountain to forewarn travelers coming down those roads before they reach the bridge.

There being no further business the meeting was adjourned at 3:42 pm.

Respectfully submitted by,

Gloria Hutchings
