Eagle Mtn. Rd. Bridge Wetland's Permit: DES might not permit building the bridge as there is a possible driveway route that doesn't need to impact wetlands. Engineer for project wonders if we'd write a letter supporting bridge proposal.

New Business / Public Comment

NCC training in Albany on June 23 on effective meetings for planning boards; CC are also invited.

As always, the public is encouraged to attend and share their vision for the use of Jackson town properties and other conservation priorities. Our meetings are typically at 5:30 PM at the town office building on the first Monday of each month
